

EnerCon

The 1st International Energy
Conference

Call for Papers

The Organizing Committee is pleased to announce the **Call for Papers** for **EnerCon: The 1st International Energy Conference** to be held on 23-24 July 2015 at the Acacia Hotel, Alabang, Muntinlupa City, Philippines.

The Conference is multi-disciplinary, covering the fields of **Economics, Business, Technology, Environment, and Policy**. The sessions will comprise:

REcover: Renewable Energy Financing and Public-Private Partnerships

The role of different financing mechanisms and the suitability of public-private partnership arrangements in Renewable Energy (RE) projects/programs, emphasizing: Availability and lessons learned from existing financing facilities and instruments; Introduction of and/or case studies on innovative financing models; Considerations in the application of the Clean Development Mechanism

REgenerate: Renewable Energy for Rural Electrification

The significance of RE in rural development and the merit of using RE to provide electricity to rural communities and off-grid areas, highlighting: Experiences and case studies on using RE for upland and island communities; Feasibility studies and/or benefit-cost analysis of rural electrification projects using RE; RE technology options for rural electrification

REact: Students' Session

Economic studies related to Renewable Energy, presented exclusively by graduate and undergraduate students.

REform: Renewable Energy Regulation and Institutions

The status of enabling regulatory and institutional arrangements for the promotion of RE, underscoring: Country experiences supporting RE generation and development; Institutional and regulatory analyses; Policy impact and/or benefit cost analyses of RE-related regulations

REstart: Renewable Energy for Transport

The potentials of using RE fuels and/or RE-powered transport vehicles/systems on a larger scale, spotlighting: Economic and/or environmental impacts of using biofuels, LPG, CNG, and other RE fuels; Feasibility studies and/or benefit cost analysis of RE projects for transport fuels and systems; Innovative technology options in transport systems

REstore: Renewable Energy and the Environment in Asia (Worldfish-EEPSEA Session)

The recognition, measurement, and valuation of environmental impacts of different RE sources vis-à-vis fossil and other conventional fuels in Asian countries, focusing on: Health impacts; Air and water pollution; Resource competition; Wildlife and habitat loss; Global climate change

Submission Guidelines

- Paper abstracts must be submitted via email with "Abstract Submission" in the subject line to EnerConPapers@gmail.com by **24 March 2015** (5:00PM GMT+8)
- The abstract should be one-page (A4), in MS Word Format (Times New Roman and font size 12), and written in English. It should contain the following information:
 - Title** of Paper
 - Authors** – indicate the names, institutional/organizational affiliation, e-mail address, mailing address, and telephone number of the authors. Please tag the presenting author with an asterisk (*).
 - Abstract** – provide a 300-word concise description of the purpose, significance, and implications of the presentation.
 - Keyword Set** – list 2-3 keywords that describe the main idea of your work.
 - Knowledge Focus** – identify the focus of the presentation, whether: (a) Practice; (b) Research; or (c) Theory.
 - Field of Study** – indicate the field under which the paper can best be situated whether: (a) Economics; (b) Business; (c) Technology; or (d) Policy/Environment.
 - Theme Selection** – select which thematic area/session best categorizes the work.
- Multiple papers from the same authors may be accepted, although it is suggested that a different presenting/corresponding author be indicated for each paper.
- Each session will try to include presentations from the various categories of knowledge focus. Thus, submitted papers will be evaluated on the following criteria: Suitability to the thematic area/session; Relevance to current issues; Local/regional/global applications and implications
- Presenters will be informed of their selection by **24 April 2015** and will then have to submit their complete presentation (in MS PowerPoint format or in poster presentation format) by **24 June 2015**.
- Selected presenters may be requested to provide full papers for publication in a refereed journal.
- Please address any inquiries to Prof. Jaimie Kim B. Arias, Chair, Program Committee via email to the above address. Indicate "Inquiry" in the subject line of the e-mail message.
