## *Invitation letter from the Chair of the International Mycotoxin Conference – 2014*

Dear Colleagues and Friends,

It is with great pleasure that I warmly invite you to attend the International Mycotoxin Conference to be held in Beijing Friendship Hotel, Beijing during 19<sup>th</sup> to 23<sup>rd</sup> May, 2014. The theme for **ISM2014** is "Perspectives on the Global Prevention and Control of Mycotoxins".

**ISM2014** provides a unique opportunity for researchers from all over the world to meet and discuss the issues on mycotoxin research and provide an update on the recent developments in it. The events will include invited lectures, oral and poster presentations.

The key topics are

- Major prevention strategies on mycotoxin at global level
- Pre-harvest mycotoxin control
- Post-harvest mycotoxin control
- Molecular pathways on mycotoxin production
- Toxicology & impact of mycotoxins in humans
- Mycotoxin reduction/detoxification in food & feed
- Analytical based detection of mycotoxin
- Role of biomarkers in mycotoxin detection
- Mycotoxin detection in beverages and medicinal herbs
- Genomics on toxic fungi

We look forward from you to participate and present your papers in different areas, to make the program more broader and exciting way. You can visit [www.ism2014.org](http://www.ism2014.org) for more information.

I invite you to join **ISM2014** in China. Look forward to meet you in Beijing in May 2014.

Prof. Dr. Yang Liu
